Profile

Solar Project Engineer with around (3) years of experience in On Site survey, design and installation, commissioning implementing projects, maintenance, and leading crews. Possess a B.E in Electrical Power from Thanlyin Technological University (TTU) to leverage my expertise and leadership abilities in the role of Production Operation.

Professional experience

Solar Engineer December (2019) - Present
Mandalay Yoma Renewable Energy Company Limited
Oo Yin Street Near Sakura Residence, Yangon

- Experience in product commissioning, conservation, renovation, finding faults in PV panels/ inverters and main breakers panels
- Create Solar system design, SLD and other documentation such as proposal, report, costing for solar projects
- Review project plans, and ensure safety procedures are in place for installation and maintenance
- Apply Computer-aided design (CAD) software, Helioscope solar design software, Homer Pro, PVsyst, and Sketchup to assist them in project optimization
- Perform thermal, stress, or cost reduction analyses for solar systems
- Develop standard operation procedures and quality or safety standards for solar installation work
- Lead all Solar Project onsite operations and installation tasks
- Need to ensure the project plans in order to comply with regulations
- Negotiate with regional staff, government officers, and other third parties
- Supervises at least (10) crew members including engineers and technicians manage day-to-day operations
- Deliver premium customer services and trustworthy on-site records around Myanmar
- Record and report daily tasks and on-site expenses
- Travel anywhere without hesitation

Education

2019

❖ **Bachelor of Engineering (Electrical Power)**
Technological University (Thanlyin)

2019

❖ **Advanced Certificate in Industrial Automation**
School of Industrial Automation and Training (SITE)

Software Skill

- **AutoCAD 2D/3D**
- **Helioscope *(*solar Design Software)**
- **PVsyst**
- **Homer Pro**
- **Sketchup**
- **PLC programming**

Soft skill

- **Empathy and Patience**
- **Investigative and Realistic**
- **Paying attention to detail**
- **Have great communication skill**
- **A willingness to solve uncommon issues**
- **Critical Thinking**

On site experience

On-Grid System

- **Total E & P Myanmar** -170 kWp with SMA's Strings Inverters
- **Golden Taparerg Garment** -260 kWp with Huawei's Strings Inverters
- **De Heus Myanmar (Yangon)**-1.35 MWp with Sungrow's String Inverters
- **De Heus Myanmar (Mandalay)**-676 kWp with ABB's Strings Inverters
- **International School of Yangon (ISY)**-200 kWp with Sungrow's String Inverters
- **Sea Lion Distribution Solution**-286 kWp with Sungrow's String Inverters
- **Paradise Products**- 169 kWp with Huawei's Strings Inverters
- **Coca-Cola Pinya Beverages Myanmar**- 1.14 MWp with Sungrow's String Inverters

On-Grid System Power Plant

- **Tha Pyay Wa**-30 MWp with Sungrow's String Inverters

Off-Grid System (Rural Electrification Project)

- **One of the Largest Solar Storage Sites in Southeast Asia located in Set San, Bo Ka Lay Village** (UtilityStorage System)- About 1 MW Solar & 1.5 MWh of NCM Batteries with Sungrow's Inverters

Hybrid System

- **Médecins Sans Frontières (Sin Htet Maw Camp in Sit Tway)**-12 kWp with Sungrow's Inverter and Batteries
- **Lei Thar Gone Hostel (Yay Nan Chaung)** - 80 kWp with SMA's Inverters, Battery Inverters & Batteries
- **KBZ Bank Aung Ban (Residential Storage System)**-20 kWp with Sungrow's Inverters and Batteries
- **Total E&P Myanmar Offshore supply base (ThaKeTa)**-9.81 kWp with Studer's Inverters and Charge controllers

Summary

I am also confident with my ability to work in a team in any circumstance times. I hereby declare that the above information mentioned is true and complete to the best of my knowledge.

Thanks, for your attention. I am looking forward to hear from your quick reply soon.

Grace Be to You,

Kaung Pyae Sone Thway
